

Taking Our Cities for God – Introduction

Our cities are the keys to winning the world for Christ. They are encumbered by staggering problems and opposed by cosmic spiritual forces, yet these vast urban centers hold millions of people whom God loves.

You can make a big contribution to winning your city for God. In this original and useful book John Dawson gives you the strategy and tactics for the job.

- Discover God’s purpose for your city.
- Study and grasp your city’s spiritual history.
- Discern the strongholds that work against your city.
- Join with others to intercede for your city.
- Develop a plan to break the strongholds and bring your city to God.

“Like Samson, so many of us are bereft of power and blind to the reality of the invisible...But Samson experienced a resurgence of power, and the foundations of an ancient city were shaken. So might we expect an overthrow of hell’s domination in urban centers on every continent. This book is a major contribution toward that objective.”
