In early 2008, the author learned, much to his dismay, that a lot of things in scripture that he had assumed were yet to happen, were already history.

Motivated and somewhat alarmed, he began a journey to unlock the truth behind the prophecies of the end of the age, and current events. With the help and leadership of numerous men of faith, he discovered that today's news reports are steadily revealing prophecies from thousands of years ago.

After finding America clearly depicted in the Bible, and finding out who the Four Horsemen of the Apocalypse really are, this thrilling search for truth proceeded in earnest. Whatever your current beliefs about the end-times are, you will find this an exciting and challenging look into what the Bible has to say about yesterday, today, and tomorrow.
